To Whom It Concerns:

I, Agnes Butler, am a widow since 2009 and have been raising three grandchildren. I still have a 24 year old grandson and an eleven year old granddaughter at home. My grandson doesn't make enough to pay for gas, car insurance and dental insurance.

My husband and I raised the children on our retirement income and put the grandson through diesel mechanic school; I am now on fixed income (which is approximately \$1,500.00 less since losing my husband) with the same obligations and expenses to pay. I do without all I can to supply their needs; a 20% increase in my electric bill (all electric home) would pose a threat to my ability to help the grandchildren.

I ask that the please do all you can to help protect my family and all families who will be affected by an increase of this magnitude.

Thank you for your attention.

Agnes Butler, PN
